## Informal Spaces for Inspiring Results

B-Free leverages ancillary spaces to create informal, convenient and inspiring workspaces where teamwork comes naturally and collaboration flourishes. A variety of casual seating and table options empower workers to quickly connect, while subtle privacy promotes concentration. Its modular, flexible design creates spaces that support both individual and group work.

## SUSTAINABILITY

At its heart, sustainability at Steelcase is about people. It's about creating and supporting the economic, environmental and social conditions that allow people and communities to reach their full potential.

**Research and insights direct our path.** It's not only about creating goods, it's about creating good. It's not only about creating value, it's about living our values. It's not just about reducing our footprint, it's about expanding our reach. It's about creating lasting and meaningful change to enable the long-term wellbeing of current and future generations.

**Innovative products and solutions result.** In the development of our products, we work to consider each stage of the life cycle: from materials extraction, production, transport, use and reuse, until the end of its life. We demonstrate performance through third-party verified certifications and voluntary product declarations.

Steelcase's sustainability promises, actions and results are communicated in an annual Corporate Sustainability Report.
