

RS#3 Wood

by RAFAEL RODRÍGUEZ

DESCRIPTION:

For the first time ever, RS is using wood in their football tables. And for that they have chosen iroko, a strong and durable wood for outdoor use, the basic requirements for joining the RS foosball team.

El RS#3 Wood is designed and made for outdoor living. It shares some features with the RS#3 (same body and playing field) but its legs are show with wood.

RS#3 Wood comes in inox version (stainless steel) white or black (steel with cataphoresis coating process) and each version comes with its standard teams.

MATERIALS:

Structure: Steel with cataphoresis coating process and polyester paint. Stainless steel for inox version.

Legs: iroko wood.
