

# SPONGY

by STONE DESIGNS

## DESCRIPTION:

Something about Spongy makes it charming. It just oozes niceness. Maybe it's the contrast between the slender steel structure and the visual weight of the two cushions. Or perhaps it's the back and the sides, which seem to open up to hug you, and which also easily recline. Whether it's the sofa or the armchair with optional footrest, we're talking about a very comfortable piece of furniture, perfectly suited for both home and commercial premises.
