Moller

COLOURS / MATERIALS

Soaped Oak Timber, Natural Paper Cord

### DIMENSIONS

#### SPECIFICATIONS

W: 480mm

H: 800mm

D: 520mm

SH: 440mm

### PRODUCT STORY

Moller #78 is exclusive to Great Dane. In 1944, Niels Otto Moller began his cabinetry company where old craft traditions are still used today. Scandinavian cord seats known for their durability, easily withstand decades of frequent use. Made of tightly twisted paper the woven material is pleasant to sit on and its natural texture only gets better with age. The seat is woven by hand from one continuous 425-foot-long piece of cord. At the Moller factory machines are never used for the final polish and a proud tradition of "production without assembly lines" is very much alive today.
