**Steelcase® Flex Collection**  
Height-Adjustable Desk

**Steelcase**

IM#: 19-0117623

## Designed for Mobility

The Steelcase Flex Height-Adjustable Desk is designed to move as quickly as the day's activities. It's stable, yet mobile, and comes standard with rollers that allow for easy movement. Push it close to a teammate to pair up for collaborative work, or move it away to a quiet nook for some individual focus time. The height-adjustable desk moves with you and your work, wherever you need to go.

IM#: 19-0117644

### WELLBEING

When you are working in fast-paced, hyper-collaborative conditions, wellbeing is more important than ever. The Steelcase Flex Height-Adjustable Desk is designed to support movement and a variety of postures by providing a variety of worksurface heights that encourage a more health-conscious environment.

IM#: 19-0117483

### ONE-CORD-OUT

One-cord-out integrated technology allows you to plug in up to five cords under the worksurface for heavy technology, and two into the top for personal items. With just one-cord-out, it's easy to unplug and move when you are on the go. A simple and clean cable tray under the worksurface keeps all of your cords hidden and in one place.

IM#: 19-0117549

### PRIVACY OPTIONS

Curved screens allow you to position them for privacy or modesty preferences, and with either single or dual use. Screens clip on to magnet connectors making it easy to shift between different modes as your work and personal needs change.
