Note Design Studio

MANUFACTURER

Labofa

COLOURS / MATERIALS

Various Fabric Upholsteries

Black Steel Frame

DIMENSIONS

SPECIFICATIONS

L1700mm x W880mm x H800mm

PRODUCT STORY

The Mallow series consists of a 2-person sofa, a small lounge chair, a large lounge chair and is part of the Labofa Contemporary Collection. With the design of Mallow, Note Design Studio has challenged the traditional design of sofas and chairs in both construction and exterior design. The result is an exciting rethinking of today's seating furniture, where the organic design provides exceptionally good seating comfort. Plush, playful and inviting, the sofa is formed from an arrangement of rounded forms that resemble a plush pile of marshmallows – and are every bit as enticing. Alongside its fun and floaty aesthetic, Mallow prioritises comfort and indulgence. "Like a piece of couture, the proportions, angles and geometry of the chair are balanced in a way that just makes it look – and you feel – good! It's as though you and the chair are in a beautiful symbiosis", says Note's Kristoffer Fagerström. Credit
