

# RETREAT 1.1

## Technical Specifications

Designed for one person to work within, or two for a quick chat, RETREAT 1.1 is manufactured using sustainable timber frames and acoustic fabric panels in a range of colour combinations. Table top options are available as either a fixed or drop down version, and an inbuilt light with sensor controlled LED provides energy efficiency. Acoustic panels are used on both the interior and exterior to maximise acoustic performance. RETREAT comes without a floor base to allow for all users to enter the space without hinderance.

### VENTILATION

Low noise, sensor-controlled ventilation system with constant air exchange via top and base outlets with internal fan systems.

### ENVIRONMENTAL DATA

60% recycled content to PET. Sustainably sourced timber FSC timber available on request.

### SERVICES

Seamless mechanical services integration with allowances for a sprinkler and smoke detector.

### INSTALLATION

RETREAT 1.1 requires 2 men for 2-3 hours.

### PERFORMANCE

Acoustic materials used for internal and external surfaces provide ambient noise reduction and minimise noise reverberation from the surrounding office.

### ACCESS

RETREAT sits flush on the floor with a rubber seal for acoustic protection, there is no step or floor base to incumber entry.

### PLUG AND PLAY

Quick connection to mains power using standard sockets.

### WARRANTY

7 year structural warranty.
