

Origami

4500

Design By Ramón Esteve

ORIGAMI blends light functionality with an opportunity for artistic creation. With just two pieces, designers can create infinite compositions. With a single connection point between the pieces and simple surface mounting installation, you can make as many configurations as you desire. ORIGAMI lighting is rated for both outdoor (IP65) and indoor settings which you can construct to climb a wall or façade like ivy. The light source is LED, guaranteeing high-efficiency energy consumption.
