

OVERVIEW

Elemental Nest & Fold tables have 5 frame colors, with matching colored casters standard. The unique colored legs are fixed in height at 30" high. The tables' work surface flips upwards for convenient nesting.

MATERIALS

The 1 1/4" thick work surface consists of a 45 lb density particle board core with a 0.030" high pressure laminated surface and a 0.020" melamine backer sheet. The edge of the tabletop features your choice of a 3/8" bumper t-mold or 4mm t-mold, which is then fastened to the underside of the work surface every 6 to 8 inches to assure a long lasting fit. Mounted under the work surface is a 11 gauge steel stiffener for reinforcement.

LEG STYLE

The Elemental leg sets are constructed of 16-gauge steel with a durable powdercoat paint finish in one of five colors. The pull-bar and mounting beam are also constructed of 16-gauge steel.

COLOR MATCHING CASTERS

Castors are included with Elemental Nest & Fold
