

SIXTYSIX

Technical Specifications

SIXTYSIX Mobile Media Wall has been designed for workplaces that require flexibility and need to be reconfigured to suit the task on demand. Blending seamlessly into the Square Bear mobile accessory range, SIXTYSIX can be moved throughout the office to provide a solution for face-to-face meetings, presentations, virtual meetings, and the cheeky need to relax with a movie.

Easily moved for planned or spontaneous activities, SIXTYSIX adapts to the team needs and room use. Options for a magnetic whiteboard or a pinboard on the rear of the mounted AV screen means that the unit has functionality on both sides and the design has a neat discreet storage capability to hide unsightly cables. Shelving to the lower levels of the unit provide extra storage for whatever the team needs.

Product Data

1366

suits up to 55" collaboration display

Product dimensions

Overall dimensions	1430W x 600D x 1905mmH
Rear Whiteboard panel	1366W x 930mmH
Acoustic monitor backing	1366W x 870mmH
Monitor mount*	VESA compatible up to 600 x 400
(Monitor not supplied)	Max. monitor weight 30kg

Structure

Plywood frame	32mm hoop pine plywood
Whiteboard	Magnetic whiteboard substrate
Acoustic monitor backing	PET Panel
Acoustic inlay	PET panel

Power

Cord supplied	10amp, 3 metres
Power output on-shelf	2 Gang - 1x USB A / 1x USB C, Wireless Charge
