

Avelou series

Designed by Ferriani Sbolgi, Italy

A perfect combination of beautiful design and comfort – that's the aspiration behind the Avelou modular sofa. Designed with flexible modules and removable covers, it offers easy customisation and effortless maintenance. The generously padded cushions invite relaxation, offering the perfect balance of support and softness. You can easily add a matching tabletop in either stone or wood to the Avelou pouf, creating a unique combination and striking contrast of textures. The Avelou modular sofa is an FSC™-certified design that adapts seamlessly to any space, bringing timeless beauty and comfort to your home.

Meet the designer

The Italian design studio, Ferriani Sbolgi, is driven by experiments and a cooperative approach to the design process where both designers agree on a direction and outline before transforming into new creative designs. Their design language is based on sleek silhouettes and clean stripped-down lines and details, and their products seek to communicate a certain emotion with the viewer and user. Each new design is seen as an opportunity for experimentation, and they ascribe fundamental importance to finding materials and ideas that will add value to their final design. They seek the new, the bold and the different, but always with timeless taste and quality craft in mind. A striking balance achieved in an effortless manner shown in their beautiful work.
