

Cana series

Designed by Steffensen & Würtz, Denmark

All the designs in the Cana series feature an airy wicker front, which helps to give the series an iconic, light and calm lift. The series consists of chests of drawers, highboards, bedside tables and sideboards and is designed by the Danish design duo Steffensen & Würtz. The designers have found inspiration in the Danish seaside hotels' characteristic tranquil atmosphere, where peacefulness and authenticity create a very special atmosphere. The transparent and airy expression reinforces this source of inspiration and is a beautiful reminder to keep the room simple, clean and minimalistic in both its function and appearance.
