

Drum Outdoor series

Designed by kaschkasch, Germany

An outdoor version of our Drum coffee table. Designed with the same elegant simplicity in highly durable and exquisite materials that blend beautifully into the natural environment. The tabletop is made in vibrated concrete in light or dark grey with a beautifully matte finish. Designed to mix seamlessly with the other designs in our Outdoor Collection. Take good care of your outdoor furniture with our specialised care products.

Meet the designer

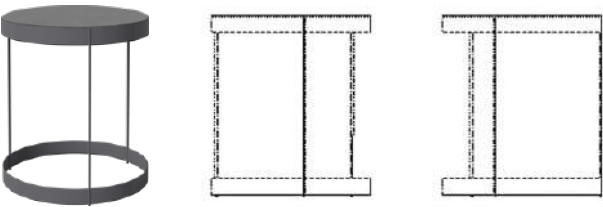

Our goal is to create simple and intuitive products – something that isn't over-complicated, yet is still beautiful. We always strive to design no-frill products that still possess a poetic element. We find our inspiration in almost anything. Building sites, fish markets, people, their way of behaving and so on. It isn't just about the surroundings, it's also about the interaction. For us, good design is when it feels like it's never been any different. Something that makes sense when you look at it, or something that gives you an intense feeling of pleasure.
