

## Nord series

Designed by Glismand & Rüdiger, Denmark

---

The Nord collection consists of beautiful dining tables and benches in two different lengths, and the collection is a rather unusual and beautiful combination of craftsmanship and top-quality materials that are characterised by the distinctive mortise-and-tenon joints that fuse the leg corners together. Nord is designed by the Danish duo, Glismand & Rüdiger, who created the series with the clear objective of combining function with quality. Therefore, both dining tables can be extended with just a few simple movements to accommodate events both great and small in everyday life as well as weekends. The accompanying Nord bench matches the width of the dining tables and design aesthetics to perfection.

### Meet the designer

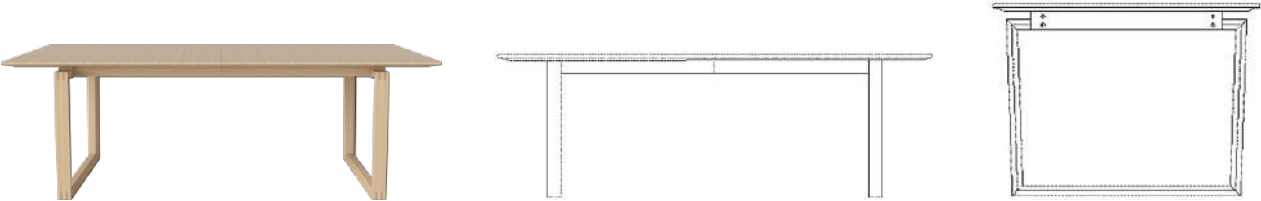

Bolia was born in Denmark, and so was the renowned design duo Glismand & Rüdiger – an origin that serves as main source of inspiration in their approach to furniture design. When designing furniture, the design duo seeks inspiration from the vivid Scandinavian nature and materials while honouring the proud design tradition built on simplicity, elegance, craftsmanship and sustainable materials. “We share a passion for Scandinavian design and natural materials. Sustainability is the starting point for every new design we create. All the way from the first sketches to the final product, cause what we believe the most, is designing beautiful products that are built to last and survive trends.” For Glismand & Rüdiger Scandinavian design isn’t a label, it’s a commitment in their design-work. It’s something to be interpreted in contemporary and new ways, and something to be proudly honoured.
