

## Soft Mood series

Designed by Michael H. Nielsen, Denmark

---

Soft Mood is a new interpretation of the New Mood Dining Table with a softer and more contemporary silhouette. A fixed, curved apron conceals an integrated extension rail that smoothly extends on a bed of ball bearings. The refined legs, rounded edges, and sleek design add elegance and grace to the table, making it a casual showstopper in any dining room.

### Meet the designer

My style is characterized by keeping the focus on the detail and "edge" that separates my designs from the crowd. One of my biggest influences is to register how much diversity there is among people and try to meet the very different needs that it creates. I've always been fascinated by the craftsmanship and the interaction between craftsman and designer. Good design is what gives meaning and value to the people who use it.
