

Vala series

Designed by Martin Lauritsen,

Vala mirrors are elegantly shaped with an oak veneer frame, creating a simple and minimalist look with beautifully handcrafted details. The mirrors are bathroom approved and can be mounted both vertically and horizontally to perfectly fit your bathroom wall. Available in a variety of sizes and finishes to suit any space.

Meet the designer

According to industrial designer Martin Lauritsen, a designer's most important task is to develop durable products. High-quality products that last for generations. In addition to creating value and joy in our everyday lives. "Good design is like good music. Both can create positive moods and emotions through their melodies, rhythm, shape, colour, materials and more. I find the emotional qualities that aesthetics can create very interesting, and this is a driving force in my design process, just as much as creating good functional solutions."

Test and certifications

FSC™ C165134 (Forest Stewardship Council) is an international organisation that advocates for responsible management of the world's forests. FSC-labelled products contain wood materials from forests that meet strict environmental, social and economic standards, helping to protect biodiversity, ecosystems and local communities.

Mirror suspension durability - XPD62-030-1 §10 modified

Tested according to the Toxic Substances Control Act - TSCA Title VI - to ensure wood-based materials do not emit excessive amounts of formaldehyde, and that they comply with permitted limits.
