## CRASH ALBUS FLOOR LAMP

Made-To-Order

The Crash series is a range of sculptural lighting forms produced from salvaged car panels from automotive wreckers.

The Crash Albus Floor Lamp presents the Crash form as a freestanding sculptural object, rising from a minimal stand. Each piece takes on a unique shape as the material is crushed and crinkled by hand, creating subtle variations in form.

The Crash Albus floor lamps are made to order in the B-TD Melbourne studio.

**Material:** Aluminium

**Lamp:** LED 12W 3000K (incl.)

**Voltage:** 24V

**Dimming:** Non-Dimmable

**IP-Rating:** IP20

**Dimensions:** H170-190 x W50-70 x D40-60
