## CRASH ALBUS PENDANT

Made-To-Order

The Crash Albus Pendant Light transforms salvaged car panels into sculptural lighting art. Part of the Crash series, each pendant is hand-finished in ultra-matte white, giving it a delicate, porcelain-like appearance. Each lamp is made to order, ensuring a unique piece crafted just for you.

Every lamp is shaped by hand, with silhouettes cut from the naturally rippled metal, so no two pieces are alike. Designed to evoke optimism and renewal, the Crash Albus Pendant turns discarded materials into striking, one-of-a-kind lighting sculptures.

Perfect as a statement piece over dining tables, in kitchens, or living areas, it combines ambient illumination with artistic form.
