CRASH ALBUS WALL LAMP

Made-To-Order

The Crash Albus Wall Light is the most versatile expression of the Crash series, available in a range of sizes and finishes. Each piece is individually crushed by hand, producing a unique form with subtle variations in silhouette.

Backlit LEDs cast light onto the wall, creating a soft halo that highlights the distinctive outline of each shape. Used individually as a small accent or arranged in larger groupings, the lights can form dynamic wall compositions where each unique piece interacts with the next.

Material: Aluminium

Lamp: Mini: LED 12W 3000K, Sml: Integrated LED 14W 3000K, Med: Integrated LED 18W 3000K, Lrg: Integrated LED 24W 3000K
