

Podi series

Designed by Studio Nooi, Italy

The Podi coffee table brings a calm presence to the living room. Each table works beautifully on its own, yet several can be combined to create a layered, landscape-like composition. The tables are FSC™-certified and crafted from solid oak, with an optional marble or travertine tabletop for added tactile contrast and visual depth. The Podi coffee table balances simple, refined lines with a sense of rhythm and movement, transforming a coffee table into a sculptural centrepiece – a place to gather, place drinks, and appreciate its thoughtful, harmonious design.

Meet the designer

Studio Nooi was founded by Giulia Pesce and Ruggero Bastita in Torino, Italy. Giulia and Ruggero built their approach to design while studying and working as designers in Italy and Denmark. Nooi derives from the Italian word “noi”, meaning “us” – the idea being that design is never an individual act but rather a collaborative process, involving designers, companies, users, artisans and technicians. Nooi’s designs are always the result of good cooperation between people and influenced by society, art, nature and cultural heritage, and the designers are closely involved at every stage of the project development.
